

TP Stars

Supplies:

- Empty Toilet Paper Roll (1/star)
- Scissors
- Liquid Glue
- Clothespins
- Spray paint (can use other paint, but may need to paint before gluing)
- Spray adhesive (if planning to add glitter)
- Glitter

Step 1: Cut the toilet paper roll into 3/4 inch rings (6 rings total).

Step 2: Dab some glue on the tip of the ring and stick to another ring. Hold in place with a clothespin.

Step 3: Repeat Step 2 for each ring. Allow to dry completely before painting.

Step 4: Remove the clothespins and spray paint the star (both sides). Allow to dry.

Step 5: If planning to add glitter, spray the star with spray adhesive, then sprinkle with glitter. Place on waxed paper or paper plate to dry for an hour.

You can also hand paint the stars and/or skip the glitter.
